RESIST INSTITUTIONAL RACISM AT SFU: STOP SFU'S BLACK COMMUNITY FROM DISPLACEMENT BY SIMON FRASER STUDENT SOCIETY (SFSS).

The SFSS refuses to guarantee SOCA the security of a permanent space!

The current bookable rooms shared space model won't do for an organization fighting for something as important as the safety of Black students on campus!

The SFSS refuses to even meet with SOCA! SHAME!

SOCA is currently crammed in an inadequate space in the rotunda. This should be a great source of great embarrassment to the SFSS and all of SFU! SFU needs to change its legacy of not making space for Black community organizing on its campus!

Let the SFSS know that Black students and spaces matter!
Make your voice heard!

We call on SFSS to:

1. Guarantee SOCA a dedicated safe space in the new Student Union Building
2. Keep the commitment to build a relationship with the Rotunda community
